A hotel evacuation plan can be found by the door in your room, please make sure you have familiarised yourself with your nearest fire exit. Our staff members are trained to respond to any emergency situation.

Fire – Evacuate & Assemble.

If you hear a continuous fire alarm, immediately leave the building via your nearest safe exit.
Assemble at the closest designated assembly point.

If you locate a fire, remain calm and follow the steps below:

- Immediately leave the area
- Dial 111 from your mobile, or 1111 from the in-room telephone, for Emergency Services
- Tell the operator:
 - the nature of the problem, e.g. fire, smoke, heat, sparks etc.
 - the exact location of the problem e.g. room number 1006
 - your name, and location
 - once letting Emergency Services know, please inform reception if you have not done so already.

Do not enter the building again until instructed to do so.

Earthquake – Drop, Cover & Hold.

Move no more than a few steps, **drop** to the ground, take **cover & hold** on.
Please do not evacuate (unless instructed to do so.)
Wait for the shaking to stop, and then follow any instructions given by staff and safety wardens.

In an emergency, please **DO NOT** use the elevators, or phone reception as we may need the line for emergency calls.

If you may need assistance in an emergency, please let reception know so we can make sure you are looked after & safe.

More about Earthquake Safety can be found [here](#).

Remember:

- If you may need assistance in an emergency, please let reception know so we can make sure you are looked after & safe.
- In an emergency, please **DO NOT** use the elevators, or phone reception as we may need the line for emergency calls.
- Walk at all times and remain calm. Please follow the instructions of staff and safety wardens. Our staff are trained in our Emergency Management Procedures.

HEALTH AND SAFETY POLICY

At **Bay Plaza Hotel** the health, safety and welfare of all employees and visitors is of equal importance to all other operational considerations. The employer, supervisors and employees work together to create a safe working environment and ensure compliance with the Health and Safety at Work Act 2015 (HSWA).

The employer is responsible for:

- Providing a safe and healthy working environment, including equipment, materials and systems of work
- Providing the resources to implement and support safe work practices
- Providing ways for workers to be informed about and involved in health and safety issues
- Ensuring all safe work procedures are kept up-to-date

Manager/supervisor/team leader is responsible for:

- Managing day-to-day health and safety issues
- Ensuring new workers receive information, training and appropriate supervision
- Ensuring workers receive training before starting new tasks or using new equipment
- Ensuring safe work procedures are followed
- Investigating accidents and incidents, and maintain records relating to the health and safety of staff.

Employees are responsible for:

- Following safety procedures and instructions and participate in safety training
- Using equipment provided by the person in control of a business or undertaking to protect their health and safety
- Reporting any workplace incidents or potential hazards to their supervisor
- Actively participating in the resolution of occupational health and safety issues
- Protecting their health and safety and that of others by not working while under the influence of alcohol or other drugs
- Not interfering with, or removing any safety guards, safety devices or protective equipment provided by the person in control of a business or undertaking

We expect contractors and visitors to:

- Comply with safety instructions while in our workplace and ensure that their actions do not place other people at risk.

Dear guest,

Earthquake Safety

As you may be aware, New Zealand lies on the boundary of the Pacific and Australian tectonic plates. This means that each year there are a significant number of quakes that are big enough to be felt. Your safety is the utmost importance in the event of an earthquake – so please take a moment to read the following recommendations.

If you are inside the building:

- Move no more than a few steps to then drop, cover and hold. Cover your head, neck, and your entire body, if possible, under a sturdy table or desk. If there is no shelter nearby, get down near an interior wall (or next to low-lying furniture that will not fall on you), and cover your head and neck with your arms and hands. Be aware of objects that may start to fall around you.
- Do not evacuate or leave your room – hold on to your shelter (or your position to protect your head and neck) until the shaking stops.
- Do not use the elevators!
- Keep calm – the hotel is built to a very new Earthquake specification.

When the earthquake stops:

- Use the fire stairs and proceed to the lobby
- Keep away from exposed electrical wires and other hazards
- Advise staff of trapped or missing people.

We have an up to date Local Government Emergency Action Guide located at reception. All of our staff is fully trained in this manual and will help you during this event. We will try to answer all your questions, in reality we will know as much as you, until we have contacted authorities or vice versa.

To get information in a crisis is difficult, telephone lines are congested, the best medium is portable radio which we have.

Please be patient, we will let you know what the current situation is as soon as we know it.

Environmental Policy

BPH believes that New Zealand's reputation and achievement as a tourism market is based on its clean green reputation, and it is the responsibility of tourism industry operators to conduct their operations in ways that are loyal to this green ideal.

BPH will strive to exceed statutory minimums on environmental behaviour and become an organisation of active conservationists and exhibit environmental integrity.

BPH has established an environmental committee comprised of staff throughout the business that is charged with the role of annually reviewing its environmental action plan against our EarthCheck commitments, assessing the success of specified objectives, and achieving year on year improvements in key performance areas.

The environmental action plan and this policy will have a pivotal role in strategic planning and all other decisions will be made assessing the impact upon our environmental objectives. The environmental policy will be displayed with other key policies in the hotel and the environmental action plan will be available to all stakeholders, guests, employees, suppliers and any other interested party upon request.

BPH will assess the environmental impact of all resources and personnel reaching the hotel and will seek to minimise this through the use of locally sourced resources wherever possible.

Key performance indicators addressed in detail in the environmental action plan, include:

- ◆ Reduce emissions; greenhouse gases reduction
- ◆ Optimising wastewater management; reduce impact on council system
- ◆ Responsible use of hazardous substances; careful storage
- ◆ Resource planning; Resource Management Act concerns
- ◆ Waste minimisation and recycling; continue to be an eco-leader
- ◆ Energy efficiency; integrate into purchasing decisions
- ◆ Potable water management; reduce waster use
- ◆ Eco-conservation; further promoting eco-tourism
- ◆ Social and cultural leadership; making our differences work
- ◆ Air quality protection; so quiet that we do cannot be heard

In Room Environmental policy

In the past hotels and the environment have had conflicting interests. After all, endless hot water, clean linen and towels daily, garnishes on food, air-conditioning, and large numbers of electric lights burning 24 hours a day are hotel luxuries we expect and take for granted, but realize are no longer responsible, environmental actions.

Innovation and sensible initiatives to minimise the environmental impact

Our housekeeping department uses a minimal amount of chemicals and detergents, which are biodegradable and ecologically friendly. Our in-room amenities are 100% New Zealand made. All products are made from 100% vegetarian base and contain no animal or petrochemical by-products, they are made from GE Free ingredients and 100% bio degradable. All packaging use 100% recycled, oxygen bleached papers and boards. We have installed water saving shower heads and faucets where water pressure permits. We organise a collection of cardboard, newspapers, plastic, cans and glass for recycling. The frying oil used in our kitchen is collected after it has reached the end of its life and taken away for recycling and food waste is turned into compost. Our Mini Bar water bottles are made from a renewable resource – polylactide (PLA) a product derived from natural sugars found in high standard vegetables.

How can you help?

Save water and reduce the amount of chemicals used in the laundry process. If there is no need to change your towels each day then let us know.

Sort your in-room rubbish for recycling

Switch off lights and when not in use, turn off electrical appliances when you leave the room to ensure electricity is not running unnecessarily.

Thank you for keeping with our commitment to be environmentally responsible and reduce our carbon “footprint”

CARE FOR NEW ZEALAND

The earliest known name for Wellington city is Te Upoko o te Ika a Maui or the head of Maui's fish. Te Whanganui a Tara is another name Māori gave the area – a name said to come from Whatonga's son Tara who was sent down from the Mahia Peninsula by his father to explore southern lands for their people to settle. It means the great harbour of Tara.

How do you say hello in Te Reo Māori?

Kia ora - Hello

Mōrena - Good morning

Tēnā koe - Hello to one person

Kia ora/Tēna kōrua - Hello to two people

Kia ora tātou/kia ora koutou - Hello everyone

Tēnā koutou - Greetings to you (said to three or more people)

How do you say goodbye in Te Reo Māori?

Haere rā - Goodbye/farewell (said to someone leaving)

Hei kona rā - Goodbye (said to someone staying)

How do you say thank you in Te Reo Māori?

As well as being used as a greeting, kia ora is also a general expression of appreciation.

Tēnā koe (to one person), tēnā kōrua (to two people), or tēnā koutou (to three or more people) also means thank you in Māori.

Tū ake i te tihi o Tangi te Keo/Mātairangi

Stand atop Tangi te Keo/Mātairangi mountain

Ka horapa te titiro ki Te Whanganui a Tara

Gaze upon the Great Harbour of Tara

Ngā pae maunga, ngā pae tāngata ka mihi atu nei

The mountains, the people – salutations to all
